**Emily G. Brown
Deputy City Manager - Fort Meade
City Hall
8 West Broadway Avenue
Fort Meade, FL 33841-0856****Dear Ms. Brown:**

I have revised the Bureau of Economic and Business Research's 1996 preliminary population estimate for Fort Meade to 5,455. This is an increase of 66 from the original estimate. The revision is based on the use of the more accurate mobile home data that you provided. For Fort Meade we used the average of the results of the electric customer and building permit versions of the housing unit method of population estimation. I have included a copy of the population estimate worksheet to help explain the 1996 estimate.

If you have any additional questions, please call or write.

Sincerely,

A handwritten signature in cursive script that reads "Scott K. Cody".

Access The Power

When Tampa Electric Company serves your wholesale power needs you have access to more than just a reliable source of power generation.

You have access to a full powerhouse of services:

- System Operations & Maintenance Expertise
- Community Commitment
- Economic Development
- Educational Support Programs
- Safety Training
- Skills Development

At Tampa Electric, our part is greater than the sum of wholesale power.

Call us. (813) 752-1115

Established in 1899, Tampa Electric company is an investor-owned electric utility serving municipal and other wholesale Customers throughout the state of Florida, and serving a retail population of more than one million in West Central Florida.

He commanded the victorious Union Army at the Battle of Gettysburg in 1863, which was called the greatest engagement ever fought on American soil.

The first settler of whom any record can be found was Captain Lanier who settled in 1851.

Life was simple in the earliest days of Fort Meade, and great effort was not required to meet its demands.

As early as 1835, roads were being built to connect the Forts. General Winfield Scott opened a number of good roads leading to his many camping stations. Tampa was connected by good wagon roads with Ft. Meade, Ft. Capron and Ft. Myers. Then, in the Seminole War of 1855, the roads were reopened and new ones built.

In 1856, the settlers in what is now Polk County had gathered in forts and block houses for protection from the Indians; but an old Indian fighter, named Willoughby Tillis, had refused to come into the fort at Ft. Meade, preferring to take his chances on his place near town. On June 14, 1856, the old man was attacked by a small band of Indians, who, finding his fire too deadly, finally withdrew to a neighboring fence corner. At this juncture, Lieut. Carlton who had heard the firing at the fort, came up. He had with him four men - Parker, Whidden, Hollingsworth and another man. Disregarding Tillis' warning, the little party from the Fort closed in upon the Indians. In the melee, Carlton, Parker and Whidden were all killed, while Hollingsworth was severely wounded. The fifth man escaped without a scratch. Before Carlton and his brave companions fell, they managed to lay violent hands upon one Indian brave and cut his throat from ear to ear. A monument stands on the block between South Church Street and South Henry, just off East Broadway, to mark the place where this battle was fought.

In 1881, Fort Meade was a sleepy village of perhaps 150 people, two dry goods stores, one fancy goods store and a drug store. The next year, the first church building was built by the Methodists. The Baptists had a church organization but no building at this time. An important industry of that day was provided by the alligators, which were very numerous in the swamps and waterways. One industry that appeared to be under the ban was the liquor business. In 1898, there was no "liquor shop" in Ft. Meade, and nearly every person owning land in or near the place, had signed an agreement never to sell or rent any person a house, or land upon which to build one, who intended to deal in liquor.

Many English settlers came to Fort Meade section in 1888 and 1889. The Englishmen were mostly younger sons of well-to-do families, who could not inherit any lands in England because of English laws of primo-geniture. They had purses of money and took a great interest in sport, especially racing. The liverymen of Ft. Meade made quite a success of helping these gay young scions of England spend their money, by selling them racing ponies. Until this time, about the only money in circulation was that obtained from the sale of beef cattle, principally to Cuban markets.

Before there was even a school building, school was held under a big oak tree. The teachers and several pupils met under the oak that is in the yard of the Charles Speight home on N.E. 3rd Street. In 1885, a wooden building was built for the school house. It was not sealed and in the severe cold of 1891, the teacher and children had classes around light wood fires to keep them warm. (This is the same school house that the historical society is restoring and making into a museum in the downtown area.) In 1912, a fine, two-story brick school was built in an oak grove one block to the southeast. The new High School was completed on Edgewood Drive in 1969, giving Fort Meade two elementary schools, one middle school and a Junior-Senior High School.

WELCOME TO FORT MEADE, FLORIDA

Fort Meade has to be one of the best kept secrets in Florida. We are a city of 6,316 year round residents with a peak season population of 8,578. Centrally located both demographically and geographically in the state, we are one of the oldest cities in Polk County, dating back as early as 1849 and originally known as Fort Clinch.

Since the time of early pioneer settlers, phosphate, citrus and agriculture have been our economic base. Reclaimed phosphate lands are becoming available for economic expansion. Florida Power Company and Tampa Electric Company are building power plants at our back door which will encourage further economic development in our area.

Our historic downtown area has many unique individually owned businesses as well as franchises.

Fort Meade residents share that sense of small community with concern and appreciation for each other. They give of their time and talents through their support of many community activities.

FORT MEADE CHAMBER OF COMMERCE

The Fort Meade Chamber of Commerce is an organization of professional business leaders working together to make good things happen in our community. We are proud of our community and endeavor to maintain a good quality of life so that we can work, reside and raise our families here.

Our mission statement is as follows: The general nature or the object of the corporation shall be the advancement of the civic, commercial, industrial and agricultural interests of the City of Fort Meade, Florida and the surrounding territory; the promotion of the general welfare and prosperity of the city, county and its surrounding territory, and the stimulation of public sentiment to these ends; and the providing of such social features as will promote these purposes.

The chamber was incorporated in 1971 and became full-time in 1989. Our Executive Director and volunteers staff the office Monday through Friday.

The monthly chamber luncheon is held the second Tuesday of every month at the community center at 12 noon.

HISTORY OF FORT MEADE

Fort Meade is probably the oldest settlement in the county. During the Indian Wars, the value of the location as a military base was recognized and a fort was built as a strategic point. It's perfect drainage and general healthfulness were advantages appreciated by the military authorities.

The first military station was known as Fort Clinch, established in 1849 and abandoned in 1854. In 1851 - 52, General Twigg took Lieutenant Meade and an escort of horsemen to find the site of Old Ft. Clinch. The General left the search entirely to Lt. Meade and when just before dusk Meade announced he had found the place, the General said, "Here shall be Fort Meade."

Lieutenant George Gordon Meade served in the United States Army during the Seminole War in Florida. He later returned to serve in the Army during the Civil War and was a Union General.

In 1883, the Railroad Station and tracks were located about 2 miles from town. (Town as from the west banks of the Peace River to about Hendry Ave. and Church Street). The Citizens formed a corporation to build a street railway connecting the town and Railroad. The street that is now Hendry Avenue used to have a wooden sidewalk beside it. Because it went down to the swamps, it was commonly called "lovers' lane."

In 1887, E. E. Childers discovered phosphate in the highlands of Polk County about two miles east of Fort Meade. The prospecting was a great deal different than it is today. In those days, the prospecting was done by digging a hole until water was encountered. There was no shoring pipe and an auger was used to bring up dirt and rock. To separate the phosphate from the dirt, a layer of logs was put down and covered with the "rock", alternating layers of wood and phosphate rock, then a fire was lighted in the wood. The phosphate rock was reclaimed from the ashes.

The old Fort was demolished in 1890. Parakeets used to come and settle in the oak trees near the place where the Fort had been. At times it was full of color and song. In 1920, Mr. L.A. Morgan from Georgia bought the property and built an attractive home and grew a fine orange grove. The property has now been divided into attractive homesites and the approximate site of the old fort is set aside as a lovely park and playground for children, on N.E. Third Street between Cleveland and Perry Streets.

Over 300 Ft. Meade pioneer homes are being added to the National Historic Register for Historic Homes.

People of Fort Meade have always had a desire for civic development and beautification. A woman's group organized for several years became the Fort Meade Woman's Club in 1924. About the same time, the Exchange Club had a beautification campaign on, with a yard being chosen every week to be awarded the prize yard sign. The Fort Meade Garden Club is still promoting beautification in yards and civic plantings.

FACTS

The City of Fort Meade is centrally located in Polk County, about 80 miles from the beaches of the Gulf of Mexico and 100 miles from the Atlantic Ocean. It is within easy driving distance of major airports and attractions. The Tampa International Airport and the Orlando International Airport are both approximately 60 miles from the city but noise from low flying jets cannot be heard because Fort Meade is not located within the air traffic pattern.

Fort Meade's climate, with mean average temperature of 72.7 degrees, and rainfall of fifty inches (50"), makes it a year round garden spot.

A few tourist attractions within easy driving distance are as follows: **Bok Tower** (30 miles), **Cypress Gardens** (20 miles), **Disney World**, **Epcot Center**, **MGM Studios**, **Sea World** and **Universal Studios** (50 miles) and **Busch Gardens** (60 miles). There are four Major League Baseball teams which hold Spring Training within 45 miles of Fort Meade.

Polk County has the lowest cost of living of any county in Florida with a population in excess of 400,000.

Polk County, the center of Florida's industrial belt, is within 500 miles of 40 major metro markets.

It provides transportation to all areas of the state and beyond. The transportation picture is complete with highways, rail, airports and deep water ports nearby.

Fort Meade is located on U.S. 17/98 which is one of the state's major North to South highways.

We are also located only 20 miles from the main conduit for the Central Florida's growth corridor, Interstate 4.

Fort Meade has NO CITY TAXES. The city operates its own water, sewage and natural gas system, as well as operates its own sanitation department. The city also distributes its own electrical power, which is purchased from Tampa Electric Company.

The city operates under a city manager-commissioner form of government with five commissioners, including a mayor-commissioner.

The Chamber and city work hand-in-hand for the betterment of our community.

FORT MEADE LIBRARY

The Fort Meade Library is located at 75 East Broadway. Telephone number - 285-8287.
Hours: Monday - Friday, 9am to 5pm; Monday and Wednesday, 7am - 7pm;
Saturday, 9am to Noon. There are 29,305 volumes, 45 subscriptions and large-print books. There is no fee for Fort Meade residents. Families residing outside city limits will be charged a \$10 annual fee.

CITY PARKS & RECREATION

The City of Fort Meade offers its residents and visitors an impressive array of public parks and recreation areas provided by the Fort Meade Leisure Services. Throughout the Community, citizens young and old may enjoy one of eight major parks and four smaller mini-park settings. Activities available range from team sports to passive strolls through natural surroundings. All the parks and public areas are maintained by city crews on a year-round basis. The only fees for use of these facilities are charged for groups or individuals wishing to reserve the areas for special gatherings or events. No daily entry fees are collected. Park hours vary, but generally they are open from sunrise to dusk each day.

PARK LOCATIONS:

PATTERSON PARK, 601 North Charleston Ave. This 16.5 acre water park is located on the main entrance to the City from the north. Also known as US 17, Charleston Avenue offers easy access to this wonderful passive setting. The park was recently renovated through a cooperative effort of the City and the State of Florida, with funds provided by a grant program. Amenities include 2 floating fishing docks, 850' paved nature walkway (lighted and landscaped), restroom and concession facility, 2 garden gazebo picnic areas, beach volleyball area, 2 observation/fishing decks and plenty of parking. All this is situated among three small lakes, with lots of native plants and wildlife.

FORT MEADE COMMUNITY CENTER, 10 SW 3rd Street. The Community center was constructed in 1985 to provide a central meeting facility for all area residents. Programs held at the Center vary from purely recreational in nature to social services provided by a variety of county agencies. Civic organizations and private reservations are also accommodated here. Schedules of activities for the Center may be obtained by calling 285-8192 ext. 505 or stopping by during the normal operating hours of Monday - Friday 8am to 5pm. Also on site are 2 four-wall racquetball courts, 2 shuffleboard courts and a wood play structure at a tot-lot.

HERITAGE PARK, 409 NE 3rd Street. This 1.7 acre neighborhood park is located on the area where one of the original forts was constructed in the mid 1800's. It now serves as a play-park with a variety of playground apparatus such as swings, climbers and spring animals for youngsters to enjoy. Picnic tables and grills make it a pleasant setting for small gatherings.

MONUMENT PARK, 801 SE 2nd Street. Also located on a significant historical site, this 1.5 acre passive park was the location of a skirmish between the federal soldiers stationed at Fort Meade and the Seminole Indians. A monument marks the spot where several soldiers were buried,

MINES & GROWERS

Providing for the future.

Phosphorous is a nutrient vital to all forms of life. U.S. Agri-Chemicals provides phosphate rock as a source for phosphorous while preserving pre-

cious habitat for all species with its land reclamation. By treating this land with care and respect we can help to ensure future growth for generations to come.

HISTORICAL SOCIETY OF FORT MEADE, INC.

The Historical Society of Fort Meade was reorganized and incorporated October 3, 1989 through the encouragement of local business people and other concerned community residents. They were extremely motivated by the donation of the original 1885 schoolhouse donated by J. R. Barnett, Jr., for renovation into a local historical museum.

Through a county grant, the schoolhouse was relocated to its new location at One North Tecumseh Avenue in downtown Fort Meade. The building will become the future home of the Fort Meade Historical Museum. The museum will feature displays to recreate the rich history of Fort Meade and its immediate surrounding area for all generations to enjoy.

Through private and corporate donations, along with federal, state and county grants, the Museum will begin major renovations in 1994 with an anticipated opening date of Spring, 1995.

Yearly membership fee is \$25.00 for family or business, \$15.00 per individual. Members will be allowed free admission to the museum. The general public will be invited to visit on a donation basis.

The Historical Society invites everyone to become a part of preserving our local history.
TODAY'S EVENTS WILL BE TOMORROW'S HISTORY!!!

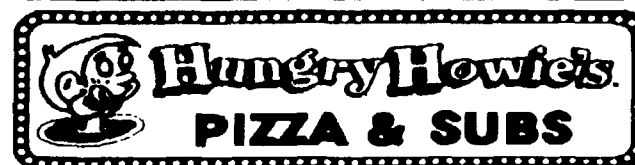

FORT MEADE MEDICAL CENTER

Fort Meade Medical Center has been serving the community for over 15 years. Originally the practice of Dr. Juan Carrion, the center has thrived through the dedication of the community and its association with Bartow Memorial Hospital. Dr. Luis C. Favilli, M.D., Board Certified Family Physician, has operated the practice since July of 1990 and has structured it to provide the quality care that his patients expect and deserve.

Dr. Mauricio H. Caceres joined the facility and established his practice in November of 1993. He joined with great pride that the clinic had a proven track record for excellence in primary care and is highly valued by the people of Fort Meade and surrounding communities.

The doctors and office personnel share the dedication and commitment to serve the community well and are willing to listen and be sensitive to the needs of their patients.

as a result of that battle. Recent plans have been developed to rededicate this area for a memorial park to honor veterans of all wars of the United States. Visitors may soon enjoy a stroll around its beautiful nature walk to view a display of state flags and armed services flags.

FORT MEADE OUTDOOR RECREATION AREA, US 98 East (on Peace River). Located just east of the City Limits, this 125 acre+ recreation area provides the community a fantastic natural setting for unlimited possibilities for family oriented leisure activities. A large group pavilion (able to house as many as two hundred people under roof) with an adjacent outdoor stage is the location for a monthly country-music "Jamboree" the 2nd Saturday of each month. A smaller shelter with attached restrooms is able to accommodate a group of up to 50 people. Also on the grounds are a 1/4 mile nature walk to the river, a canoe launch (w/parking), a number of picnic tables and grills and an archery practice range. Volleyball facilities, playground equipment and a soccer area are also available for use by visitors.

MORRISON PARK, 130 SW 7th Street. This neighborhood park is located adjacent to the Fort Meade Middle School. It provides a multi-purpose basketball court, a fully-furnished tot-lot and open sports fields. The Morrison Softball field is also available for either daytime use or lighted for nighttime recreation. There are concession and restroom facilities for special group use.

FORT MEADE SPORTS COMPLEX, North Edgewood Drive. Located just north of the Fort Meade High School, this area is a cooperative effort on the part of the Polk County School Board, the Polk County Parks Department and the City of Fort Meade to provide local residents a variety of sports fields for recreational use. The complex consists of a baseball facility with four official fields and two practice fields and a combination concession/press box building. A separate restroom facility located on the baseball site can be used by groups there or groups using the adjacent lighted softball field. A playground apparatus combo set and a multi-purpose basketball court are included on the county site. Located on school property are the softball field, a track/football stadium, four lighted tennis courts, four racquetball courts and open sports field areas. This complex is the hub for most of the school's and community's sports league play.

LANIER PARK, 591 S. Lanier Avenue. This neighborhood park is located adjacent to the Agricultural Labor Program, Inc., facility. It provides a tot-lot furnished with a variety of playground equipment, with two picnic tables and grills.

PUBLIC RECREATION PROGRAMS. The Fort Meade Leisure Services offers are residents a diverse program of recreation activities for all ages. From seasonal sports leagues to individual instructional activities, this city service provides opportunities for local residents to participate in a variety of leisure time pursuits. Special events such as seasonal youth activities, running or walking events, sporting tournaments and cultural activities are just a few examples of what is available to the public at affordable fees.

For more information on the programs offered, contact the Leisure Services office at 285-8191, ext. 505. Seasonal schedules listing activities and fees are available free. The office is located at the Community Center at 10 SW 3rd Street.

EMERGENCY

HELP OF FORT MEADE, INC.

Help of Fort Meade, Inc. is located at 315 N. Charleston Avenue and shares the same building as the Fort Meade Chamber of Commerce.

Help is a non-profit organization originally formed by the Ministerial Association to assist the needy of our area. We have a food bank and clothes closet set up in our building.

We help families through their crisis situations and get them back on the road to recovery by working the problems out together so that they can see the light at the end of the tunnel once again. This is accomplished by counseling, assisting with food (refrigerated, frozen and non-perishables), clothes, utilities, rent, etc. We also assist fire victims with household items and furniture and assist through the entire process of restoring their belongings.

We assist students to stay in school by furnishing clothes, nutritional foods and occasional school supplies. Special baskets are also prepared during the holiday season.

We are able to provide these services by receiving individual monetary donations, donations of clothes, furniture, etc. We also have a special program where citizens using Fort Meade utilities can sign a form to add an additional \$1, \$5 or a designated amount to their monthly utility billing and the monies will assist local families from having their utilities disconnected.

We are also a United Way member agency and are eligible to receive funds through employee payroll deductions.

"SHOP HISTORIC FORT MEADE FIRST"

Our local chamber members are committed to Fort Meade, it's quality of life and it's economic base. By supporting the businesses listed in this directory you will receive quality products and service and also will be supporting local jobs and growth that will benefit you. We all must work together for the betterment of Fort Meade.
